Manuscript Number: DCHE-D-26-00020R2

An Interpretable Statistical Surrogate of Activated Sludge Systems that Preserves Mass Conservation and Component Non-Negativity

Dear Dr. Selerio,

Thank you for submitting your manuscript to Digital Chemical Engineering.

I am pleased to inform you that your manuscript has been accepted for publication.

To view your reviewer feedback, please log in as an author at <https://www.editorialmanager.com/dche/> and navigate to your manuscript in the "Submissions with a Decision" folder under the Author Main Menu.

Your accepted manuscript will now be transferred to our production department. We will create a proof which you will be asked to check, and you will also be asked to complete a number of online forms required for publication. If we need additional information from you during the production process, we will contact you directly.

We appreciate and value your contribution to Digital Chemical Engineering. We regularly invite authors of recently published manuscript to participate in the peer review process. If you were not already part of the journal's reviewer pool, you have now been added to it.

We look forward to your continued participation in our journal, and we hope you will consider us again for future submissions.

Kind regards,
Luis Ricardez-Sandoval, PhD
Subject Editor
Digital Chemical Engineering

Editor and Reviewer comments:

Reviewer 1: I thank the author for the careful and thorough revision. Both of my major comments have been fully and satisfactorily addressed. These changes meet the acceptance conditions I set out, and I appreciate the author's responsiveness in incorporating them.

More information and support

Did you know that IChemE members who are corresponding authors receive a 20% discount on their Article Publishing Charge for publishing their article open access in this journal?

IChemE is the home of choice for over 30,000 chemical, biochemical and process engineers. Membership provides you with free access to a wide array of resources to support your continued learning and keep you up to date with the latest industry news and technical knowledge, and offers unique opportunities to engage, collaborate and network with like-minded chemical engineering professionals. Go to https://www.icheme.org/membership/?utm_source=dche_communication&utm_medium=editorial_manager&utm_campaign=author to find out more about the advantages of

membership and join.

FAQ: When and how will I receive the proofs of my article?

https://service.elsevier.com/app/answers/detail/a_id/6007/p/10592/supporthub/publishing/related/

You will find information relevant for you as an author on Elsevier's Author Hub: <https://www.elsevier.com/authors>

FAQ: How can I reset a forgotten password?

At Elsevier, we want to help all our authors to stay safe when publishing. Please be aware of fraudulent messages requesting money in return for the publication of your paper. If you are publishing open access with Elsevier, bear in mind that we will never request payment before the paper has been accepted. We have prepared some guidelines (<https://www.elsevier.com/connect/authors-update/seven-top-tips-on-stopping-apc-scams>) that you may find helpful, including a short video on Identifying fake acceptance letters (<https://www.youtube.com/watch?v=o5l8thD9XtE>). Please remember that you can contact Elsevier's Researcher Support team (<https://service.elsevier.com/app/home/supporthub/publishing/>) at any time if you have questions about your manuscript, and you can log into Editorial Manager to check the status of your manuscript (https://service.elsevier.com/app/answers/detail/a_id/29155/c/10530/supporthub/publishing/kw/status/).

In compliance with data protection regulations, you may request that we remove your personal registration details at any time. (Use the following URL: <https://www.editorialmanager.com/dche/login.asp?a=r>). Please contact the publication office if you have any questions.
